RE: Oncor Electric Delivery Company's Statement of Intent to Increase Rates Suspension Packet

ACTION REQUIRED TO SUSPEND THE EFFECTIVE DATE BY JUNE 17, 2022

On Friday, May 13, 2022, Oncor filed a Statement of Intent to Increase Rates with all cities in its service area that retain original jurisdiction. The Company is seeking to increase rates by approximately \$251 million over rates currently in place, or approximately 4.5% over present revenues. Residential customers would see an 11.2% increase in rates. If approved, a residential customer using 1,300 kWh per month would see a bill increase of about \$6.02 per month. Additionally, the Company proposes to increase street lighting rates by 1.6%.

The rate increase requested by Oncor will become effective on June 17, 2022, unless the city takes action to suspend the effective date. By statute, cities are permitted to extend the effective date by up to 90 days in order to study the filing. **The city must take action to suspend the effective date by June 17, 2022.** If your city does not have a regular council meeting scheduled before June 17th or is otherwise unable to take action on the suspension resolution June 17th, please contact us as soon as possible.

Attached to this memo is a model suspension resolution and staff report. In the past, Oncor local managers have provided cities with a model denial resolution and may recommend that the city immediately deny the rate request. If this occurs, we do not recommend that you deny the request at this time. Suspending the effective date allows cities more time to review the application and decide on the final action, including settlement or denial of Oncor's requested rate increase.

The Steering Committee of Cities Served by Oncor will discuss Oncor's rate request at the quarterly meeting on June 2, 2022. During the call there will also be an opportunity for Steering Committee members to discuss strategy with Steering Committee consultants and attorneys.
